

On yet another beautiful evening Manitoba summer evening Sabine, Jim & Jason got out for what turned out to be a fast paced bike ride around the city! Jim & I racked up 26 KM and I extend my apologies to Sabine for making her come all the way to the other side of town to meet us adding what must have seemed like 100KM to her trip! Cayden wasn't able to join us this time but I'm looking forward to him participating in the next one!
