

Snow Shoe Hike 7 January 2023

After parking in the east lot on the grounds of Assiniboine Community College's north campus (the former Brandon Mental Health Centre) five hearty souls; Sue, Rick, Judy, Ron, and Dennis strapped on our snow shoes and walked the beautiful parkland. We admired the interesting landmarks including an unused teepee frame, the thirty-year old centennial cairn, and the unparalleled architecture of the historic buildings. On the return trek, the group was sobered by the old cemetery, admired the solar powered greenhouse, and Rick showed us little-known rhubarb and strawberry patches.

After finishing the hike, everyone drove to Chez Angela's Bakery for delicious pastries, hot drinks, and esoteric conversation.
