

## WESTMAN WILDERNESS CLUB Hike Lake Kinaseo July 11 2020

This was a well-attended event with 13 hikers (+ Spirit) and 3 (+Toni) who joined the group for lunch at Lake Katharine. The trail had some muddy areas but it was easy to get around them. Lots of mosquitos!

One sole of my at least 30 year old hiking boots detached and was a barely clinging to the toe by the end of the hike. I commented that I thought these boots would last for the rest of my life. Sue quickly replied that she would have to kill me to make that wish come true. I'll have to be more careful with my phrasing in the future.

Toni was more interested in Spirit who apparently is afraid of little dogs!

This was the first time I worked with the event waiver and as the coordinator I found it to be a useful tool for keeping track of everything .

Thanks to everyone who participated.
