

## Westman Wilderness Event Write-Up

### November 15, 2025- Brandon Hills

On Saturday, Nov 15 twenty-three members of the Westman Wilderness Club gathered at the Brandon Hills Trail Head for a lovely November hike along with canines Spirit & Agnes. In attendance were Kari, Di, James, Sabine & Lisa, Arron & Laurie (definitive proof that Arron really does have a wife 😊), Steffany, Lorne & Wendy, Ray & 11-month-old Jack, Carlene & Darin, Jackie & Fred, Bert & Stephanie, Andree, Rick, Sue & 11-year-olds Ben & Sam.

James volunteered to lead the way and took us through some great fall scenery, eventually stopping for a spectacular view of the valley from the “park bench” resting spot.

The weather was perfect- we started quite bundled up, disrobing (to a point) as body temps increased. The clear blue sky was exceptional. We consider ourselves very fortunate to have this gem known as the Brandon Hills so accessible.

After completing our hike, Judy joined us at McDonald's for coffee, hot chocolate and snacks. OK, to be clear Judy didn't indulge in all the above, but we do know that Stephanie had a Happy Meal, 'tho we never did find out what her toy was 🤔.

Thanks to all who participated and helped make this such a fun event!

Thanks also to James & Rick who took photos- all photos can be found at:
