

## WWC Event Report Moon Lake (Clarke Wilkie)

Club members Di (and Spirit), Dave and Clarke along with “parallel campers” Chris and Selena spent the weekend “hot tenting” at Moon Lake.

Kari joined the group for a snowshoe/hike around the lake on Saturday. The weather was pleasant and we enjoyed a snack break on the red chairs.

The stars were bright and a glow from Dauphin many miles away to the north was clearly visible. We enjoyed evening visits in Clarke’s Snowtrekker comparing gear and previous adventures.

It was a good start to the winter camping season.  
Now busy drying and stowing gear!
