

Squirrel Hills - Minnedosa

On Saturday, October 30th, Kari, Dennis, Stu, Marg, Arron, Jane, Di, and Spirit hiked many loops of Squirrel Hills. The weather was surprisingly beautiful for October 30th. Since it was so close to Halloween, two humans and one cute canine even dressed up for the event! Spirit wore a Halloween scarf, Jane was a yellow duck complete with a billed hat, and Kari was a mashup of a Starfleet officer and cat (couldn't decide on a costume). After hiking for close to 90 minutes, the group stopped at the newly renovated shelter for lunch and made a fire. A train passed by while the group was having lunch, as the tracks are quite close to the trails - the train could even be seen and not just heard. After finishing lunch, the group continued on exploring more of the trail before finishing up the hike. Altogether, the group hiked over 8km.
