

Wasagaming Campground Ski

On Saturday, February 11th, Kari, Di, Dennis, Kate, Cathy, Stu, Arthur, and Val met in Wasagaming to cross-country ski the trails around the Wasagaming Campground. It was a balmy day, hovering just at or above the freezing mark, but the trails were in great shape. The crowd split into different groups - some skied the short loop and medium loop, others the medium loop twice, and others the long loop and medium loop. Just off the medium loop, the groups enjoyed the heated kitchen area for a rest as well as the posh modern facilities. Such a treat to have warm running water during a bathroom break! After snacking and having a great time visiting, everyone headed back to the parking lot where they went back to the rest of the days. Such a fantastic day to enjoy the great outdoors!
