

Mother Nature blessed us with a lovely afternoon fall paddle on Souris River on Sunday, September 13th. The ten of us (Tara, Kari, Cindy, Jason, Darin and Carlene, Rick and Sue, Lorne and Wendy) launched from the boat launch in Victoria Park in the Town of Souris and headed upstream (to the southwest). We were 9 kayaks and 1 canoe. It was a leisurely paddle with lots of socializing along the way. We saw several turtles basking in the afternoon sunshine on large rocks and fallen trees, a few Great Blue Herons, shore birds, hawks and deer. We turned back at the small island and stopped mid way on the return trip for a group photo. The paddle was just over 9 kms and at a leisurely pace, took just under 3 hours. The weather, scenery and company combined made for a perfect autumn day!
