

There were 5 campers and a dog that camped in tents. Cheryl and granddaughter Story stayed in the cabin but snowshoed out to visit us. The temperature was cold but the equipment worked well and everyone kept warm . The days were bright and sunny and an after dark snowshoe revealed a wonderful star filled sky.

We're going camping again March 21-22. If you want to come out and check out the camp site or maybe go for a snowshoe let us know. There may be a couple spaces left in the tents for an overnight. To enquire call 204-726-5293 or 204 724 7527.

Check out the photo collage.
