

WWC- DEVIL'S PUNCH BOWL HIKE

September 7, 2019

Seventeen club members met at the Spirit Sands Trail Head for the 4th Annual Hike to the Devil's Punch Bowl.

What was billed as an 8.3 km hike was actually a "tad" longer, with the full distance closer to about 13 km.

The weather was an ideal 16 degrees for hiking.

This is a popular hike amongst club members as the hike traverses distinctive sand dunes of Spruce Woods Provincial Park to the truly unique water formation adjacent to the Assiniboine River.

A highlight of all WWC events is the food & drink- participants brought a variety of cheeses to share, paired with beverages of choice.

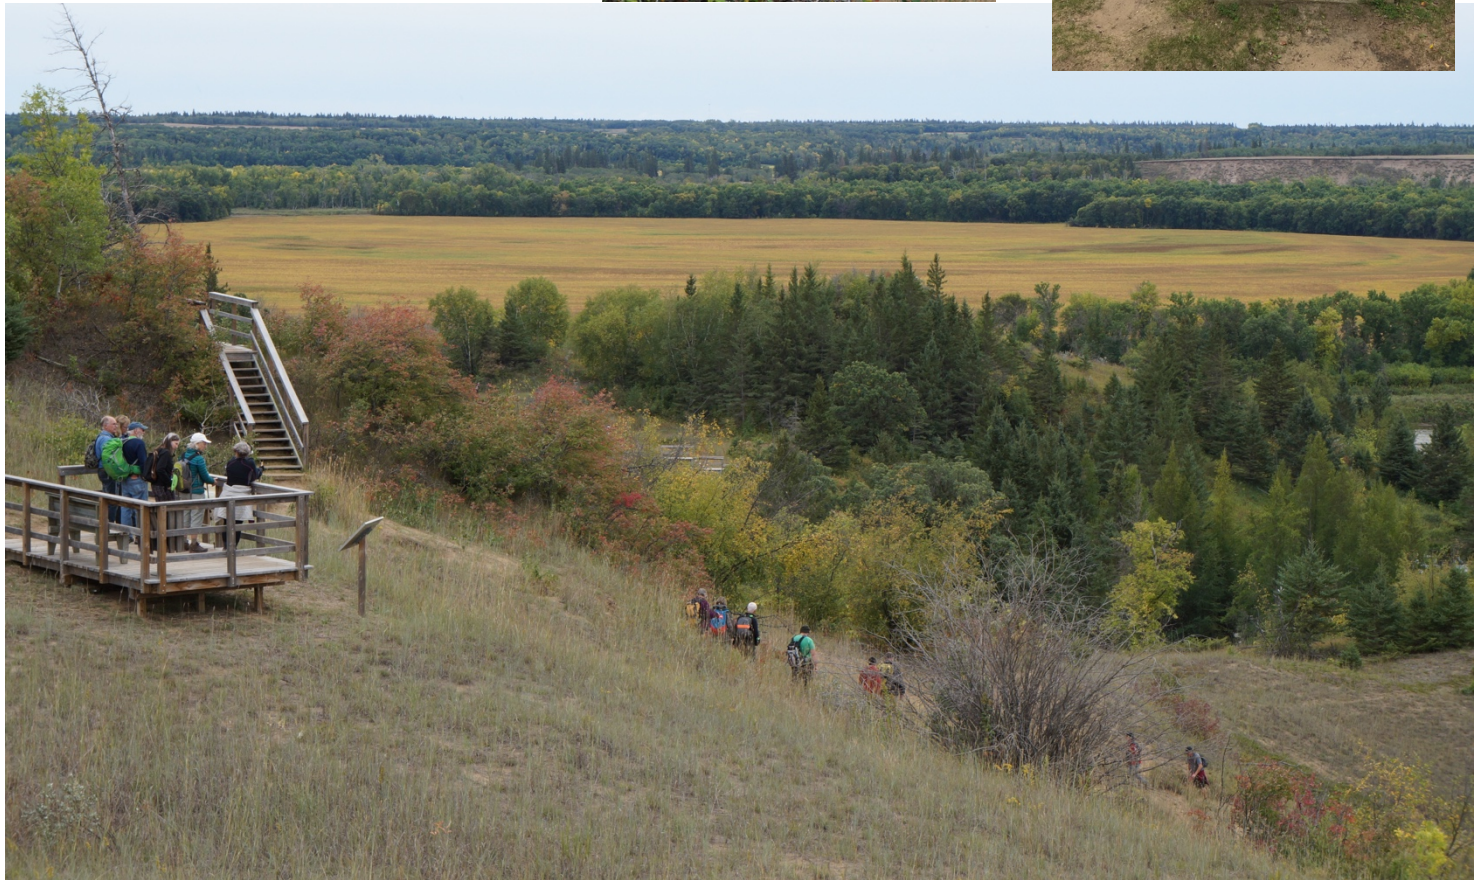

We enjoyed seeing Robert eating something other than steak- Audrey's influence, no doubt!

We discussed planning this hike for the Spring in 2020 so that we could enjoy the park in another season.

Thanks to everyone who joined us, and helped make this a very enjoyable day!
